Purcell Man Files Suit in District
Court to Set Aside Convey-
ance to Son Made Under
Peculiar Conditions

Through his attorneys, Riddle & Hammerly, T. M. Leverett has filed suit in the district court against his son, W. H. Leverett, for the recovery of certain real estate deeded to the defendant by the plaintiff three years ago.

In his petition the plaintiff alleges that he is a temporary resident of Purcell. He states that January 15, 1912, he was the owner of one house and lot situated in the town of Rush Springs, Grady county, of the approximate value of \$600.

Some months prior to the above given date, plaintiff in his petition alleges he was married a second time. Shortly after the marriage, plaintiff alleges he was taken suddenly and violently ill. Existing circumstances, the petition alleges, led him to the belief that his illness was caused by his wife having administered poison to him.

Following his recovery from the attack of illness, plaintiff communicated with his son, W. H. Leverett, at that time a resident of Sterling. Arrangements were made with W. H. Leverett, the petition alleges further, providing that plaintiff should transfer all his real estate and certain of his personal property holdings to his son, the defendant in this action. Petition states that such transfer was made in order that he might divorce his wife and settle with her a reasonable sum of money. In the transfer of real estate in Rush Springs, title to the house and lot referred to above, valued at \$600 and personal property, consisting of horses, wagons, etc., to the value of \$288 was vested, as to ownership in the name of the son, W. H. Leverett.

Following the transfer the son made settlement with the wife, giving her \$100 in cash and pay a \$15 attorney fee. After which he proceeded to enjoy the incomes and the proceeds of the property, real and personal. Petitioner alleges that in making the transfer, the deeds and other papers to his son he never intended that the equitable title to the same should pass, but that the transfer was made for the sole purpose of enabling him to effect an amicable and a just settlement with his wife from whom he sought separation. After this settlement was effected, plaintiff alleges, the property should have been retransferred to him. In place of doing this the son, W. H. Leverett, proceeded to make the deed a part of the records of Grady county.

Wherefore the plaintiff prays the court that the deeds of conveyance be cancelled of record and held for naught.

PACKERS COMPLAIN

By United Press.

Washington, Sept. 21.—Representatives of Chicago packers who had ten million dollars worth of products confiscated by the British prize court presented an oral complaint to the state department today.

A written complaint will follow, dealing with the legal aspects of the prize court action and general remedies. It is believed that the forthcoming note to Great Britain will include protests of packers and other American dealers.

SHORT STORIES OF THE TOWN

Half Holiday at City Hall.

Mayor Coffman announces that all offices at the city hall will be closed Wednesday afternoon in order to give city employees an opportunity to attend the county fair.

Baptist Ladies Aid Meets.

The Ladies Aid Society of the First Baptist church will meet at the church Thursday afternoon at 2:30. The annual election of officers will be held and a full attendance is requested.

United Offering Meeting.

The annual united offering meeting of St. Luke's Episcopal church will be held at the home of Mrs. T. H. Williams Thursday afternoon at 3 o'clock. All members are urgently requested to be present and bring their mite boxes.

Sends Doll to State Fair.

Little eleven year old Alice Person sent her doll to the state fair this morning. She will enter the doll in the domestic art department for its hand made wardrobe. The entire outfit was made by Miss Alice and shows much skill and taste.

Delinquent Tax Rolls to Treasurer.

"Curley" Reynolds, city clerk, has certified all delinquent special paying tax rolls to the county treasurer. These taxes represent approximately \$71,500, of which amount \$5500 has been collected, leaving a delinquency turned over to the treasurer of the county by the city clerk of \$66,000. Suits now are pending in the state supreme court which, when decided, will test the validity of these tax claims.

"All Start Here."

"Everything starts from this office," said Court Clerk Newman this morning. "When the bashful swain and the blushing maiden want to get married they come to this office for their license, when the baby comes to gladden their home its arrival is chronicled in the registers here and when the green-eyed monster, or other legitimate causes render them desirous of shaking off the words of the good preacher, they come in here and file their divorce proceedings."

Better Investigate This, Girls.

It is stated in court circles that a certain resident of this city, who is said to be matrimonially inclined, always is present when a "court house wedding" is staged and always manages to be the first to congratulate the bride and bridegroom. This party says should he ever become a benedict when he marches up the aisle of the church he wants the organist to play that beautiful and touching hymn, "This is the way I long have sought and mourned because I found it not."

Arrayed in Purloined Finery.

Charged with appropriating to her own use the finery of another of her own sex and color, California Miller of the Ethiopian persuasion, was arraigned in the municipal court this morning. As there was a doubt of the intentional guilt of the defendant, the mayor has taken her case under advisement and will hand down an opinion during the course of the day. Petitioner will probably be the limit of the degree of guilt in case the defendant should be adjudged guilty of wrong doing.

Recipes of Our Pioneer Mothers

for the home treatment of disease were wonderfully dependable. True, they knew nothing of drugs, but owed their success to the roots, herbs, and barks of the field. It is interesting to note that Lydia E. Pinkham's Vegetable Compound, the most successful remedy for female ills we have, was originally prepared for home use from one of these recipes. Its fame has now spread from shore to shore, and thousands of American women now well and strong claim they owe their health and happiness to Lydia E. Pinkham's Vegetable Compound.—Adv.

Trend of Trading Yesterday.

Chicago, Sept. 21.—Notwithstanding a show of strength at the outset, the wheat market today underwent a decided setback influenced by the relative cheapness of Canadian Pacific and by the unpromising outlook for any immediate enlargement of export business from the United States. The temporary strength at the start was due to unfavorable weather but the effect soon wore off. Much stop-loss selling ensued. The opening, which varied from 1-8c to 1-4c off to 3-8c to 1/2c up, with December at 93c to 93 1/2c and May at 96 5/8c to 97c, was followed by some moderate gains and then a sharp general decline.

Prediction of frost failed to give corn a lasting prop. The market succumbed to the weakness of wheat. After opening at a range varying from 1-4c lower to 3-8c advance, the market sagged heavily all around.

W. W. MIDDLETON'S SON IN

STREET CAR ACCIDENT.

The little boy who was in the wagon with O. S. Shelby when it was struck by a street car Sunday evening, as told in Monday's Express, was W. T. Middleton, the thirteen-year-old son of Mr. and Mrs. W. W. Middleton, and a grandson of Justice T. P. Moore.

Young Middleton says that when the car struck the wagon he was thrown twelve or fifteen feet and that he feels sure he "turned two summersaults before he struck the street. Very fortunately he was uninjured save a severe shaking up.

NO MARRIAGE LICENSES.

The marriage license department of the court clerk's office seems to be on an involuntary vacation. Clerk Newman anticipated a rush for licenses during the days of the county fair, but up to date has been disappointed. He says he cannot ascribe the lack of interest in this line to any particular cause, but thinks the young people of both sexes are too busy taking in the sights at the county fair to pay much attention during the "immediate present," to the desire to dwell together in peace and harmony as common destiny provides they shall.

What Every Mother Knows.

Every Mother knows that during the trying period before baby comes the use of Mother's Friend, a dependable external remedy, obviates the danger of drug-taking, is absolutely necessary so as to avoid the pains caused by undue tension upon the cords, ligaments and muscles resulting from muscular expansion. Under the surface is a network of fine nerve threads and by applying Mother's Friend all these are soothed and helped. Expansion is natural and pains are relieved. In many cases nausea, morning sickness and other distresses are avoided.
